TOWN WARRANT

STATE OF NEW HAMPSHIRE

*To the Inhabitants of the Town of Nottingham in the County
of Rockingham in said State, qualified to vote in Town
Affairs:*

[L. S.]

You are hereby notified to meet at the Town Hall in said Nottingham on Tuesday, the ninth day of March, next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as **may** be necessary to defray town charges for the ensuing year and make appropriation of the same.

3. To see if the Town will raise and appropriate the sum of \$612.41 for T. R. A. the State to contribute \$2,449.63.

To see if the Town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting and to make an appropriation to cover the expense of such audit.

To see if the Town will authorize the Selectmen to borrow money in anticipation of Taxes.

To transact any other business that may legally come before said meeting.

Given under our hands and seal, this 15th day of February, in the year of our Lord nineteen hundred and forty-three.

DANIEL H. BLAISDELL,
THOMAS E. FERNALD,
Selectmen of Nottingham.

A true copy of Warrant—Attest:

DANIEL H. BLAISDELL,
THOMAS E. FERNALD,
Selectmen of Nottingham.

School Board.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Nottingham:

The present enrollment in the schools is as follows:

<i>School</i>	<i>Grades</i>	<i>Teacher</i>	<i>Number of Pupils</i>
Center	1—8	Miss Gladys M. Hurlbutt	20
Gebig	1—4	Miss Lillian Spencer	10
Gebig	5—8	Miss Ruth E. Brooks	9
Music		Mrs. Esther B. Coombs	
Total			39

This is a reduction of about 1-5 from last year. Two schools were maintained at the Center until Christmas, with Mrs. Helen Saulnier as teacher of the Grammar room. On account of the decreased enrollment and the difficulty of finding teachers, these two rooms have been combined. It is likely that state aid on one teacher at Gebig will be withdrawn also.

Nottingham has 20 pupils attending High School—eleven at Newmarket, five at Coe-Brown Northwood Academy, three at Dover, and one at Raymond.

The deep well provided for at the last District Meeting was successfully bored during the summer at the Gebig School, furnishing an abundance of water.

War conditions have affected the schools to an increasing degree. Beginning with the Sugar Rationing in May (at which 423 applications were handled), the teachers and other citizen volunteers have attended to two gasoline registrations, the oil rationing, and will shortly administer the

issuance of Ration Book No. 2 in connection with the "Point Rationing" of food products. The schools have also displayed posters, collected junk, encouraged war sayings, urged the putting into circulation of metal coins, and through weekly current event papers have kept the children informed as to the background, developments, and meaning of the global conflict.

Our transportation is subject to approval of the State Board of Education for economy, the OPA for gasoline and tires, and the ODT for extent of mileage, but we have not suffered any drastic curtailment of service.

During the year the health service has continued under Miss Margaret Macdonald, School Nurse. Ten children were treated at the Dental Clinic conducted by Dr. C. H. Manning. Children were also accompanied out of town by the Nurse to orthopedic and eye clinics.

The Dental Clinic was sponsored by the Parent-Teachers Association, which has remained active, in spite of the difficulty of holding meetings. On October 22 at the Town Hall, a Service Flag was dedicated, in recognition of those in the armed forces, nearly all of whom had attended and graduated from our schools. In the death of Mrs. Annie B. Laughton, this organization lost a faithful Past President. She had also served as member and Chairman of the School Board and Auditor of the District, and was at the time serving as Truant Officer.

One of the most powerful forces now affecting education is the development of the Air Age. Geographical maps now center on the North Pole instead of the Atlantic and Pacific Oceans; space on the earth is laid out in "Great Circles" instead of straight lines; time is measured in terms of elapsed duration of air flight. There is a whole literature of the air; new sciences and new applications of old sciences are being eagerly studied, with the knowledge that their mastery may mean the difference between success and cal-

amity. This war will undoubtedly be decided by air power. In the age of peace that is to follow, thousands will fly airplanes or make their living in the air transport industry; millions will ride in them; and we shall receive our mail, our express, and even our heavy freight in them from the ends of the earth. Airplanes have already been used to fight fires, eradicate pests, locate missing persons and ships, rush medicines to distant places, but their use has just begun. The coming peace will be policed and maintained by air power. Not since the light of modern times dispelled the Dark Ages has there been an impact upon the mind of man equal to the challenge to invention, construction, organization, and human relationships inherent in the Air Age. The children of Nottingham see airplanes flying overhead. Pupils from one of our schools were thrilled by a forced landing nearby, in which the occupant of the plane was unhurt. They read about airplanes; they draw airplanes; they construct model airplanes. The education of the future will largely consist in learning to use this wonderful instrument of human progress and to keep the rest of mankind's affairs abreast of the possibilities of the Air Age, not long for terror and destruction, but for Brotherhood forever.

Respectfully submitted,

CHESTER W. DOE,
Superintendent of Schools.
